

Ethics and Elections Committee Report

The American Radio Relay League Report of the Ethics and Elections Committee 2008 Second Meeting

The Committee has had a relatively quiet first half of 2008. We are happy to report that no major issues were addressed. One issue involving the dropping of a line from an election announcement for section managers occurred but staff was quickly able to correct it. One allegation without supporting evidence was received but was dismissed. One complaint about DXCC procedures was received but was not within our charter. Two requests for election ethics information were quickly answered.

Respectfully submitted,

Director Coy Day, N5OK, Chair
Director Frank Fallon, N2FF
Director Greg Sarratt, W4OZK
